CONDEMNED MAN GIVES WARNING.

Wilbur Minney Who Hangs Tomorrow Advises Young Men to Eschew Whiskey, Cards and Bad Women.

UNIONTOWN, July 24.—With his time on earth rapidly growing short, Wilbur Minney, sentenced to hang tomorrow for the murder of Mrs. Anna Derry at Bellevue two years ago, talked freely with newspaper men this afternoon.

"I want to give a word of warning to all young men. Tell them to eschew whiskey, cards and bad women. These were the cause of my misfortune. I can trace the beginning of my downfall from the time I quit driving George Lang's ice wagon and went to work in a Bellevue hotel.

Then I began drinking. "The killing, however, was done in self-defense. Mrs. Derry came at me with a butcher knife and I shot her to protect myself."

Minney had maintained from the first that the killing was done in self-defense. He was born in Bellevue 26 years ago, his parents being dead. Two brothers, Joe and Sam, are living at Brownsville, while two sisters, Emma and Missouri, live in my downfall from the time I quit driving George Lang's ice wagon and went to work in a Bellevue hotel.

ROBBERS BUSY AT DAWSON; SEVERAL HOMES ARE ENTERED.

Toll Collector W. J. Molleston Loses Part of the Bridge Company Receipts for Day.

TAKEN FROM HIS COAT POCKET.

Bad Characters Following the Races Are Blamed by Some, While Others Hold Local Parties Responsible. Robberies at Same Time Last Year.

DAWSON, July 24.—Just a year ago Dawson was visited by a series of robberies during and following the races. The first day of the races yesterday was followed by two robberies last night and the attempt of several others. Some people blame the robberies on local characters, while others think it is done by thieves who are following up the races.

Last night two houses were broken into and at the home of Mrs. J. W. Wright the thieves were scared away by a passerby before entrance could be gained to the house. The home of W. J. Molleston, on Bridge street, was entered some time during the night. An entrance was gained by cutting the screens and holding a downstairs window. Molleston is toll collector on the bridge and had part of yesterday's receipts in a coat hanging downstairs. The thief or thieves took this and several small articles of minor value.

The home of M. West, a P. & L. E. freeman, nearby on the same street, was also entered. A lunch was eaten here and the downstairs ransacked. Nothing of value was missed this morning.

No one is at home at Mrs. J. W. Wright's, all the family being in New York to attend the funeral of Mrs. Farley. Jimmie had been used on the downstairs windows when a man passing scared the man at work away. Tonight everyone in Dawson will be ready for the thief or thieves.

SALARY INCREASED.

That of Principal Jacob of Gibson Schools Advanced \$10.

At a meeting of the Connellville township School Board Monday evening the salary of Principal L. M. Jacob of the Gibson schools was increased from \$75 to \$85 a month. It is said that Prof. Jacob thought of leaving Gibson.

Since taking charge of the school at Gibson, Prof. Jacob has made excellent progress and the curriculum has been greatly enlarged and extended under his direction.

Infant Dead.

Rachael, the one year old daughter of Mr. and Mrs. Joseph Mitts, died yesterday. The funeral will be held tomorrow afternoon at four o'clock from the family residence in "anyard hollow, interment in Hill Grove cemetery.

SOLD PROPERTY

John M. Allen of Redstone Buys Property of Mrs. E. C. Galloway on Pittsburg Street.

By a deal completed this morning John M. Allen, a well known resident of Redstone township, comes into possession of the residence of Mrs. Ellen C. Galloway on South Pittsburg street. The consideration was a handsome one, over \$10,000. Mr. Allen will move his family into the property the first of August. Mrs. Galloway and son, Robert Galloway, will go to Hot Springs, Va., for a while and later to other summer and winter resorts.

The Galloway property is a brick residence at the corner of South Pittsburg street and Cedar avenue.

DUST THEM OFF.

Confluence People Think They Will Dig Up the Old Blue Laws.

Confluence people think they will bring the old Blue Laws down on the cliff, dust them off and put them into full force and effect. Sunday, this day, must be a genuine day of rest. The church-goers are alleged to have become more pious of late and want to see the evils of Sunday getting stamped out. And Confluence isn't wicked, at that.

COUNCIL MEETING.

Possible That It May Be Held Next Thursday and the Regular August One Omitted.

If present plans can be followed out and a quorum secured at the proper time, there will be a meeting of Town Council some time next week. It has been practically decided to hold one about Thursday evening of next week, when the July bills will be paid, thus making the regular meeting on the following Tuesday unnecessary. August is the month of vacations and it is possible that the Councilmen will get no nearer to the chamber in City Hall than they can possibly help.

Under the present situation in Town Council it is not an easy matter to get a quorum. As occurred about a week ago all eight members gathered within a block of the building, yet failed to show up in the chamber. The special meeting will likely be held, however.

COWARDICE

Is the Charge to Which New York Officers Must Answer for Letting Frank Warren Slip Away.

United Press Telegram.

NEW YORK, July 24.—The failure yesterday to capture Frank Warren, after chasing him into the Spaulding building, following the murder of Miss Esther C. Norling, will probably result in several officers answering to charges of cowardice. Had Warren been apprehended he could never have made an attack upon Wilson.

With scores of policemen gathered about the front of the building Warren slipped out the rear way and reached the Wilson store. Warren is lying at Bellevue hospital and there is little likelihood that he will ever regain consciousness after his rough handling by Jacob Rose, the truckman who captured him.

Passed Dental Examination.

Out of 223 applicants for dental certificates by the State Dental Examining Board in Pittsburgh and Philadelphia last June, 198 were successful. Clyde S. Campbell of Connellville and Clayton S. Johnson of Uniontown were among the successful students.

Highway Appointment.

HARRISBURG, July 24.—[Special.] R. D. Beaman of Meadville today was appointed Deputy State Highway Commissioner and C. W. Ensign of Warren his assistant.

Building and Loan Men Meet.

CHICAGO, July 24.—[Special.]—The 15th annual meeting of the United States League of Local Building and Loan Associations began in this city today.

Going Up Fast.

The new Saison theatre will soon be ready for the roof. It is going up fast.

CONSPIRACY SUITS

In Government Coal Land Frauds begun at Milwaukee.

MILWAUKEE, Wis., July 24.—[Special.]—The cases of Chas. J. Jones, J. J. Rosenberg, and Elias Arnold, under indictment for conspiracy against the United States government in securing coal lands in excess of that amount allowed by the statute, were called for hearing in court today.

The three defendants are representatives of the Federal Coal and Iron company.

BROOKS BAD MAN.

Negro Suspected of Murder Beats Woman in New Haven and Is Looked Up Again.

William Brooks, the New Haven negro, better known as "Coke Oven Dick," enjoyed the sweet air of freedom but a short while after being released from prison where he was lodged pending investigation as a suspect for murdering Yardmaster Evans at Willow Grove. Brooks was not identified and yesterday afternoon was turned loose by the chief of Police Barthold Kottler. The stay in the lockup failed to improve his temper and, on going to New Haven, he picked a quarrel with Dora Gibson, the colored woman with whom he associates when not wanted by officers of the law.

Brooks gave the woman, it is alleged, a severe beating. He likewise sustained a few cuts and bruises at the hands of his victim, who fought with the ferocity of a young tiger.

After the affair Brooks came over to Connellville, but later crossed the river, where he was arrested by Constable William Strain. Brooks was given a hearing before Judge P. M. Buttermore of New Haven and is now being held for his appearance at the September term of court.

NEW PATIENTS

Who Have Been Received Since Yesterday Afternoon at the Cottage State Hospital.

Several new patients have been received at the Cottage State hospital since yesterday afternoon. Conrad Lygner, a negro employee in the West mine of the Pittsburgh Coal Company, was brought in this morning. He was caught by a fall of slate and has a fracture of skull beside bad injuries about the head. He may not recover.

John Rosky, a Moyer miner, was taken to the hospital yesterday afternoon. He was hurt in the Moyer mine, where he is employed. Rosky has been injured about the back and hips. He was caught by a fall of slate. He is 45 years old and married.

John Scott, a Baltimore & Ohio boiler cleaner, was badly scalded while at work in the shops last night. His face and hands are badly burned. He is 23 years old.

TRAMP LOOTS HOUSE

Of Farmer in Somerset County Who Had Taken Him In.

SOMERSET, Pa., July 24.—[Special.]—A tramp harvest hand stopped at the home of Frank Gehring in Millburg township yesterday and asked to be kept over night. He was given supper and bed. At daybreak Gehring heard the stranger go downstairs. In reply to an invitation shouted from the farmer's bedroom to stay for breakfast the tramp said he would leave at once as he had a long walk ahead. On rising two hours later the family found the house had been ransacked.

Off to the Pen.

Deputy Sheriff S. R. Docker went through town this morning on his way to the penitentiary, taking with him Tom Malone, Charles Lee and Martin Learion.

MOON'S ECLIPSE.

Every Part of North America Can Witness It at Nine O'clock This Evening.

Special to The Courier.

WASHINGTON, D. C., July 24.—Observers in nearly every part of the North American continent will have an opportunity of viewing an interesting eclipse of the moon tonight. At one minute before nine o'clock this evening, eastern time, the edge of the moon will begin to darken slightly. At four minutes past ten the moon will begin to enter the earth's shadow, and from that time until 22 minutes past eleven the shadow will begin to creep further and further over the moon's face.

At 41 minutes past twelve the moon will completely merge into the shadow and the eclipse will be over.

R. M. HUNT ELECTED.

Vacancy in Company D Filled at Camp Tipton Yesterday.

SHOWER BATHS ARE PROMISED

Tenth Boys by Colonel Coulter at Next Encampment—Rifle Team Selected from the Company at Greensburg—New Uniforms to Appear.

Special to The Courier.

CAMP TIPTON, July 24.—Colonel Edmund Coulter states that if there be sufficient water at the next camp he will establish shower baths for all the companies. The rifle team of the Tenth Regiment has been announced and is as follows: Nathaniel Sergeant, Major George Holten, Sergeant G. H. Hille, Sergeant Harry Richards, all of Company I. Captain Wadsworth Chase will be captain of the team, and if one man is shot there will be a shoot on the company range immediately after the regiment gets home, when one more man will be chosen. Captain R. M. Hunt, inspector of rifle practice, will accompany this team to the State shoot at Mt. Gettysburg next month. There will also be a regimental shoot for the Cook trophy, now held by Company I of Greensburg, and two other trophies which will be offered to the regiment.

The Tenth is preparing to spring a surprise on the other regiments at camp by appearing on inspection in entirely new uniforms. Some of the "Old companies" have worn their new khaki uniforms for some time during the camp, but the Tenth has kept theirs back, and the men who wanted to dress up for a trip to town have had to steal their good clothes out of quarters and then sneak out of camp. All of the organizations are preparing a better appearance than ever before, owing to the new uniforms and equipment and the brigade when in line is a handsome body of troops.

The election in Company D of the Tenth last night resulted in the choice of Harry M. Powell for first lieutenant and R. M. Hunt, a well known Connellville business man, as second lieutenant. Mr. Hunt was notified to report and will arrive tomorrow.

73D BIRTHDAY.

Cardinal Gibbons, Prince of Catholic Church in America Celebrating It Today.

Special to The Courier.

BALTIMORE, Md., July 23.—A flood of telegrams and messages of congratulation were received today at the archbishop's residence by the venerable Cardinal Gibbons, celebrating his 73d birthday. The felicitations came not only from all parts of the province of Baltimore, which extends from Maryland to Florida, but from clergy and laymen throughout America. By cable there were received during the day a message expressing the good wishes in Rome.

Cardinal Gibbons was born in this city, but received his early education in Ireland. Returning to the United States he entered St. Charles College in 1855 and later pursued his clerical studies at St. Mary's Seminary in this city. He was ordained to the priesthood in 1861 and a few years later became Private Secretary to Archbishop Spaulding and Chancellor of the Archdiocese. In May, 1871, he was appointed Coadjutor Archbishop of Baltimore and later in the same year he succeeded to the see. In 1886 he was elevated to the cardinalate. With the exception of Archbishop William of Boston, who is 87 years old, and Archbishop Ryan of Philadelphia, who is 76, Cardinal Gibbons is the oldest member of the Roman Catholic hierarchy in America.

KALP APPOINTED.

Made Trustee in the Estate of the Late William Newell.

UNIONTOWN, July 24.—Judge Work in Orphans' Court this morning appointed B. C. Kalp trustee in the estate of the late William Newell of Salford township, who died May 21, 1904, leaving no will. He is survived by a widow and several children and left, in addition to considerable personal property, about 70 acres in two tracts of land.

James Tinkey took out letters of administration as to the personal property, but refused to handle the real estate. The heirs wish to have the property sold. Kalp gave bond in the sum of \$2,500.

Noon Weather Bulletin.

Showers tonight, Thursday partly cloudy, is the noon weather bulletin.

CONDITION FAVORABLE.

Roy Claybaugh, Tenth Regiment Musician, Getting Along Nicely.

Relatives of Roy Claybaugh, the Connellville musician who was seriously injured at Tyrone Monday evening by the breaking of a trolley pole have received word that his condition is favorable.

A message was received from Tyrone this morning to that effect. Although seriously injured, he has excellent prospects of an early recovery. His death was fractured in the accident. Mrs. Claybaugh, who sustains a fractured wrist, is also improving.

SLOW DAYS.

Police in the Borough Are Not Having Much to Do, There Being Few Offenders.

These are slow days in police circles. Either the weather has the effect of keeping old offenders sober, or else the lawbreaker has lost its strength, for only two drunks were in for a run over before Burgess A. D. Sabin this morning.

Harry Jones of Mt. Pleasant, a gentleman of color, was found in a distressing condition in an outhouse back of Mrs. Merrill's residence. He was escorted to the backup by the genial Thomas McDonald. This morning he was in as bad shape when the time came for a hearing, but managed to appear before the Burgess. He was given 18 hours.

Charles Stearns admitted that he was intoxicated. He gracefully took the 48 hour sentence, but breathed a hope that his employer, D. F. Girard, would need a bricklayer before his time expired.

Officer McDonald arrested a horse he found running at large on East Gibson avenue last evening and placed the animal in Myers' livery stable. The owner will please call on Burgess Sabin, pay the costs and fine, and then he may have the valuable steed.

USED DYNAMITE.

Local Junk Dealer Is Said to Have Blown Up Pipe to Get the Pieces Later.

Dynamite has been brought into service as a means of boosting the local junk business if charges against Calvin Gregory, who handles bones, rags and old iron, are true. Gregory is charged by Superintendent J. J. Dawson of the Southwest Water Company with blowing up a section of water pipe with giant powder, it being his intention, Dawson claims, to return the next day and gather up the pieces. Information against Gregory was made before Squire Dawson of Uniontown and he was arrested yesterday afternoon by Constable Charles M. Peo.

The Southwest Water Company which supplies the Oliver coke plants with water, keeps a number of extra sections of pipe along its right of way to supplant any that might break. Gregory's operations were on one that occupied several feet of Dunbar town-ship soil. He has given bail for a hearing before Squire Dawson on August 5.

WHEAT HARVEST BEGUN.

It Is Just a Month Late in Fayette County.

Wheat harvest was begun in many places in Fayette county today. The harvest is just about a month behind the season. Usually wheat is cut in Fayette county about the fourth of July. In fact many farmers have had their crops harvested by the fourth. The wet weather this year was responsible for the delayed ripening.

During the past ten days much hay has also been put up. It was also late this year owing to heavy rains.

Reverse Girl Missing.

Pauline Roth, a Reverse Girl is missing from her home since last Sunday. She is 17 years old and prepossessing.

MALTA OUTING.

Over 2,000 Are in Attendance at Cascade Park Today and Affair Is Big Success.

That plebe the Knights of Malta are having today at Cascade Park is the real thing. The attendance was certainly most encouraging, for more than 1,100 people boarded the four special trains in New Haven and nearly 1,000 more were picked up along the road at points below here. The trains left the Lake Erie depot in New Haven in good time and the run to the park was made without a hitch.

The attendance came up to expectations. Large crowds came in from Scentsdale, Dunbar and other points. Although Scentsdale is having a picnic of its own today, the Maltese drew a good many from the Mill Town.

BIDS FOR COMPANY D ARMORY.

They Ranged from \$42,160 Down to \$28,891 and the State Board Does Not Announce Letting of Contract.

Local contractors have received notice from Secretary Benjamin W. Downing of the State Armory Board concerning bids for the Connellville armory, which were opened by the Board at Harrisburg on July 26. No representative of any firm was present but the proposals were opened in public. The bids were as follows:

Frank H. Hurst, Mt. Pleasant	\$28,891
Elmer Hammer Company, Connellville	30,000
D. T. Hunt, Harrisburg	31,146
Ben A. French & Co., Pittsburg	32,109
Connellsville Construction Company, Connellville	33,300
Cuthbert Brothers Co., Pittsburg	35,000
A. & S. Wilson, Pittsburg	42,160

Although the appropriation for the armory is but \$20,000, subscriptions have run this amount up to about \$26,000. It is possible that the contract may be awarded to Hurst in the expectation of raising the additional \$2,000 in subscriptions.

EXAMINATION FOR FORESTER IN THE SERVICE OF UNCLE SAM.

Affords Excellent Opportunity for Young Men Who Like Outdoor Work at Good Salaries.

MINISTERS' MEETING.

Conference of Somerset M. E. Preachers at Confluence on Monday.

CONFERENCE, July 24.—[Special.] The annual meeting of the pastors of Somerset county of the M. E. church held here on Monday was a success in every way. The addresses were good. The attendance was excellent and the music was very good. The choir leader, James Charlesworth, is an excellent musician, and he would inspire any choir.

NEW OFFICE.

Another Telegraph Job Soon to be Created on the Connellville Division of the B. & O.

It is reported that the B. & O. Connellville division officials contemplate the location of another telegraph office in the local yards and this will be put in operation as soon as a sufficient number of operators are available. While the Connellville division is well supplied with plenty of operators, at this time of the year a good many of them are off duty on their vacations during the summer months.

The new office, it is said, will be located in the stand box just below the Young bridge. This office will handle constant messages and orders for the westbound crews and will take much work of the operators working at the main yard office and at Broadford. It will also enable west-bound freights to clear the yards in better time.

SITUATION SERIOUS.

Expected That Trouble Will Occur in the Minnesota Iron Field.

DULUTH, Minn., July 24.—[Special.]—Disputations, industrial parades, disruption of business on iron ranges, Governor Johnson, on the ground saying he can have troops in the field within eight hours, and a growing breach between iron miners and owners is the situation in this district today. The probably strength of the strikers today is 4,000. There are 12,000 miners in the district.

Eight mines at Virginia, not before implicated, have been closed by the strikers and 3,000 men thrown out of work.

BRINGS SUIT.

Boyle, Porter & Co. Seeks to Recover Balance on Account.

Boyle, Porter & Co. Company of Connellville have entered suit against the Hollinger Construction Company of Pittsburg to recover \$317.76. It was alleged that from March 3, last, alleged to be the balance due on a book account for supplies furnished the defendant company.

It is claimed the goods were shipped in Broad Ford between October 3, 1906, and March 9, 1907.

Bridge Report Approved.

The report of viewers recommending a bridge over Mill Run in Springfield township was presented and approved. The viewers were W. P. Jackson, S. M. Faust and Francis Morrison.

Work on some of the bridges, it is expected, will begin the coming fall.

Inspected Bridge.

County Commissioners John M. Graham, W. E. Townsend and A. J. Stentz are back in Uniontown after inspecting several bridge views for new bridges in the mountain townships.

MUST START IN AS RANGERS.

Advance from That Position, Which Pays \$720 a Year, Can Be Made Until a Salary of \$2,000 a Year Is Reached.

Special to The Courier.

WASHINGTON, D. C., July 23.—The civil service examinations to be held today for the position of forest ranger in the United States forest reserve service afford an excellent opportunity for young men to get a start in a new profession suitable as a life business. The profession of expert forester is rapidly assuming a high importance in this country and no better opportunity to learn it thoroughly can be found than in the government service. The position of forest ranger offers the additional advantage that a man can earn a living salary while learning the business.

The forest rangers are the men who actively patrol the different reserves and protect them from fire and depredation. The pay for a beginner is \$720 a year. Out of this salary he is required to furnish his own horses and feed them. But the policy of the department is to promote the men who show an aptitude for the work and thus the salary gradually goes up until the best rangers get as high as \$1,400 a year. They live in cabins in the woods and are allowed to have their families with them if desired.

A candidate for ranger must be in good health and able to take care of himself and horses in regions remote from settlement and supplies. He must have knowledge of trail building, construction of cabins, riding, packing, etc., and must know something of surveying, estimating and sealing lumber, logging and land laws, mining and live stock. And in Arizona and New Mexico he must know enough Spanish to do business with Mexican users of the national forests. Working under the direction of the supervisor the rangers' duties include patrol to prevent fires and trespass, estimating, surveying and marking timber, supervising of cutting, and similar work all of which a man thoroughly familiar with forested regions and possessing a fair education ought to fulfill. Experience, health and sound knowledge of forest conditions are sought by the government rather than book education. From ranger the promotions lead to the position of supervisor with salary possibilities running up to \$2,000.

STILL ON

Not Much Danger of Democrats Losing Bryan as Presidential Candidate in 1908.

United Press Telegram.

WASHINGTON, D. C., July 24.—William J. Abbott, recognized as William J. Bryan's personal Washington representative, told the United Press today that while without official authority to make any announcement in Mr. Bryan's behalf, he had every reason to believe the Nebraska will be a candidate for the Democratic Presidential nomination in 1908.

Word comes from the West that a formal announcement of his personal candidacy will be made by him personally at a great dinner in the fall at Lincoln, to which prominent Democrats from all over the country will be invited. It is expected that Mr. Bryan will outline the policies for which he will stand.

UNSATURDAY
SUMMER ENCAMPMENTS.While the National Guard should
still strive for the highest excellence
in drill and discipline, it should pay
more attention to its engineering de-
partment.It is a notorious and deplorable fact
that nearly all the League encamp-
ments are located in low, watered, in-
marshy places, and that sanitary con-
ditions have been habitually bad and
threatening to the health of the sol-
diers.Camp Tipton is no exception to the
rule. If anything it is worse. Why
such a location should have been cho-
sen is difficult to understand. Stupid-
ity is the only explanation that offers
itself in the absence of specific infor-
mation.The summer encampments of the
National Guard are not intended to be
luxurious. They should be as com-
fortable as field life will allow, no
more, but they should always be san-
itary. The State owes this much to
its soldiers, to say nothing of the de-
mands of common humanity.A mud-hole may be an ideal bed of
repose for pigs, but not for properly-
raised and self-respecting people.HOME TALENT AND
SCHOOL DIRECTORS' DUTIES.The election of public school teach-
ers presents some queer situations
and provoke some diverse opinions as
to the duties of School Boards.The Dunbar township board, for ex-
ample, discovers the fact that it is
the policy of its members to prefer
home talent in the employment of
teachers. This policy is proper and
commendable all other things being
equal, not otherwise. In the Dunbar
township case it seems to have been
very much otherwise. A number of the
teachers elected are fresh from high
school with the thin veneer of a
Summer Normal certificate, a certifi-
cate which has but recently been con-
demned in unmeasured terms by the
Vanderbilt board. Competency should
never be sacrificed to home talent in
the election of school teachers. The
taxpayers and parents generally have
something to say as well as the ap-
plicants for position and their friends.
There is no comparison in the num-
bers and weight of the opposing in-
terests. The Dunbar township board
goes in slightly wrong.In Springfield township an almost
complete corps of new teachers were
elected, but for far different reasons.
The old teachers did not apply.Springfield township is a training
school for teachers. The wages paid
and the length of the school term do
not attract experienced teachers, con-
sequently the directors are virtually
compelled to try out new material
every year.Dunbar township, on the other hand,
pays good wages and should demand
good teachers. We fear the Dunbar
township board has been practised
upon by designing persons.THE HAYWOOD
MURDER CASE.We are in receipt of the following
communication from a Mount Pleasant
citizen. We print it as a striking il-
lustration of the blind man who sees
dust in his neighbor's eye:Your editorial commenting on the
Haywood trial snuffs of a hope for a
conviction of the Western Federation
officers, on what is plain to you, you
surely did not expect it to come from the
mine owners. Where is the prosecu-
tion getting its evidence, that you ap-
pear to think so strong, except from
confessed murderers and conspirators—
play fair.The Courier is not the organ of the
mine owners nor of the union miners
of Idaho. It has no connection with
either, and it certainly has no symp-
athy with the unlawful acts of either.
It knows that foul murder has beencommitted, and it hopes to see the
guilty brought to justice.Our protesting correspondent is evi-
dently a union labor man who can
see no good in Pinkerton detectives
and nothing but unsullied virtue in
union labor officials and representatives.
He is either unsophisticated or
unscrupulous, dense or deceiving. Un-
fortunately for the cause of union la-
bor, official relation thereto is not al-
ways a guarantee of integrity and
patriotic citizenship.The evidence of hired detectives
should be taken for what it is worth,
likewise the evidence of labor union-
ists in favor of labor unionists. No
doubt the jury, under instructions from
the court, will give each due weight.
In the meantime the lawyers are light-
ing the case to the finish and calling
each other liars.There has been a great deal of lying
done on one side or the other. We
have not presumed, and will not pre-
sume, to pass judgment in the case,
but will await the verdict of those who
have heard all the evidence.NOT A NEW
PROPOSITION.Ohiopyle power plant talk is per-
sistent. It is an entirely practical
proposition in this electrical age, and its
development and application is in-
evitable.The suggestion that the Conneltsville
Division of the Baltimore & Ohio
railroad be operated by electricity to
be generated from Ohio's water
power, is not a fanciful story. There
will be nothing experimental about it.
Similar power is already in use under
similar circumstances. This is one of
the improvements. Hariman has in-
stalled on some of the Rocky Mountain
divisions of his Western railroads.As a physical and economical propo-
sition it has proven highly successful.
The only question to be considered in
connection with its application here
will be its economy. Coal is cheaper
with us than it is in the Rocky Moun-
tain districts, but water power is the
cheapest developer of electricity.CRIMINAL JURISPRUDENCE:
CONTINENTAL AND ENGLISH.The chief difference between Con-
tinental criminal jurisprudence and
that of England and America is that
in our country and in England the
accused is presumed to be innocent
until proven guilty, while in France,
Germany and other nations of Con-
tinental Europe the rule is reversed.The English idea of justice is that
it is better that the ninety-nine in-
nocent go free than one innocent man
shall suffer unjustly. The Continental
conception is that it is better that the
ninety-nine innocent shall suffer than
one guilty man shall escape.The English idea is founded in the
precepts of Christianity; that of the
Continental countries in the law of
cruelty. The one is developed by the
broad and charitable civilization that
comes with republican government;
the latter with the narrow and sapro-
sious nature engendered under auto-
cratic power and handed down even
to monarchies who have adopted re-
publican forms of government.The value of coal is pretty thor-
oughly established. The recent sales of
Somerset coal at advanced prices, with-
out generally it is understood that the
bituminous fuel supply of the country
is not unlimited, and that prices will
never go back to the ridiculous level
at which they stood until the Advance
Agent of Prosperity showed the country
that the speculation was no joke but a
volcanic fact that had come to stay
so long as this nation was safely and

To know the number of
women who are wearing the
"Minor's Easy" house shoe,
and speaks with unstinted
praise of its comfort, and the
satisfaction they find in them.
The way the shoe is made,
hand turn soles, plain toe, low

WEATHER FORECAST.

For Western Pennsylvania.—Fair
and warmer Wednesday; showers
Thursday or Thursday night; variable
winds.Store Comforts
and the
Warm WeatherOf course the nicest time of the
day to shop is in the morn-
ing, but this store is com-
fortable all the day through.
As light and airy as it
is possible to have a store. We
have studied your comfort as far
as possible, and we also call
particular attention to our rest room.
A pleasant room, plenty of cool
water and an easy chair at your
service at any time of the day.
This room was built for you to
use and for your comfort. If
you've been putting off your shop-
ping because of the weather, try
it and see how comfortable this
store really is this warm weather.
Then, no matter how warm the
weather may be, there are some
bargains here that are worth
coming for. Such, for example,
as these we mention here.

Wash Suits at Half Price

Put all the suits that sold for
\$1.50 and \$2.00 in a table in the
cloak room, and offer you your
choice for just one-half the origi-
nal price.

Parasols at Half Price

No matter how many you have
you need another. Pick out any
one from this showing we have
here and it will cost you just one-
half the original price.

Children's Hats and Tams

These sold for 50 and 75 cents
and on Tuesday we place all we
have on sale for 25 cents each.

Shirt Waists at \$1

White waists at this price that
will convince you that we mean
to sell more than a few waists
during this coming week. Waists
that will also convince you that
when this store uses the word
bargain it is worth your while to
pay attention.Wide Embroidery 50c
the YardHave you noticed the wide em-
broidery we have piled up on the
front counter and marked 50
cents the yard? If not, you owe
it to your pocket book to take
a look at this. It's an embroi-
ery bargain out of the ordinary
and worth seeing.Shrunk Muslin at 15c
the YardWe mean call attention to this
shrunk muslin at this price. So
many uses for this material at
this time of the year that when
we have this quality to sell at this
price we believe in calling spe-
cial attention to it.Fall Stock of Room Size

Our Presidents

ULYSSES SIMPSON GRANT.

The eighteenth president of the United States was born at Point Pleasant, O., in 1822 and died at Mount McGregor, N. Y., in 1885. He was graduated from West Point and served ably in the Mexican war. During the civil war his successes in the Mississippi valley campaigns won him appointment as commander of all the armies in the field. His final defeat of Lee made him a great national hero. He was elected to the presidency as a Republican in 1868 and re-elected four years later. He traveled around the world after his retirement. Prior to the civil war Grant made his home for several years near St. Louis, Mo., and for one year at Galena, Ill. He was accredited to Illinois as a presidential candidate. After his retirement he lived in New York.

EXECUTION OF MINNEY

Will Take Place in the Jail at Uniontown Tomorrow.

PREPARATIONS MADE TODAY

Condemned Man is Resigned to His Fate and Spends Much Time Now in Religious Meditation—Few Will Witness the Hanging.

UNIONTOWN, July 24.—All details for the execution of Wilbur Minney will be made today, so that nothing will be left for tomorrow morning but to carry out the mandates of the law. A force of men will go to work this afternoon on the erection of the scaffold, which is stored away in one of the dark corners of the court house basement. The last time this death dealing instrument which was borrowed from Greene county a few years ago, was used was on July 12, 1906, when Governor Lamm paid the penalty for the murder of Antonio Roggi, another Italian, but a few months before at York's Run.

The scaffold will be erected in the east end of the corridor between the two tiers of cells. Minney will occupy a cell at the base of the same and will have but a few feet to walk before ascending the steps to be launched into eternity. Even sound of the hammer can be heard by him, during the erection of the scaffold but he seems resigned to his fate and will hardly allow himself to be the mere trussed-up account of this. During the week he has been decidedly melancholy and spends much of his time in writing. All the jail prisoners will be locked in their cells today and kept there until after the scaffold has been removed Thursday.

On account of the hot weather this will be a rather trying ordeal, but there seems to be no remedy. All have been quite kind to the condemned man of late and have left nothing undone for his comfort. Among the callers at the jail yesterday were a number of friends of Minney to bid him farewell. Some of them made arrangements with the Sheriff to allow them to take charge of the body at once and give the same a decent burial. Of course the officials were glad that such arrangements were made so as to relieve them of further responsibility.

OFFICERS HAVE CLUE.

Isabel Brown Believes She Can Identify One of Her Assailants. Constable Milton Morris of Uniontown was at Brown's Landing, Monday, investigating the outrage at the Beach home where three masked men forced Isabel Brown in an effort to secure her money.

Their victim believes she can identify one of the men and the officers have a clue on which they are working. The house was badly torn up, windows were broken open, the carpets and the wall paper pulled from the wall.

Koser upon the charge of incorrigency, one of the State institutions, where such characters are taken care of.

JARRETT REUNION.

There Was a Fine Big Family Gathering Out at Pennsville Yesterday.

Quite an enjoyable affair was the family reunion held at the home of Jack Jarrett, near Pennsville yesterday, in honor of the 32nd birthday of Thomas Jarrett. Guests were met at the cars and conveyed in bays wagons to the Jarrett home. Ten children, 25 grandchildren and 18 great grandchildren were present to help celebrate the event.

Games and races were the amusements and were participated in by old as well as young.

During the day a purse containing \$83, a dollar for every year, was presented by the children. The presentation speech was made by Rev. Weaver of Scottdale.

Those present were: Mrs. Mary Jones and family, Mr. and Mrs. Jack Jarrett, Pennsville; Mr. and Mrs. Henry Jarrett and sons, Ralph and Fred, Mr. and Mrs. C. M. Jarrett, Mr. and Mrs. John Fry and family, Mrs. Emma Jennawine and daughter, Mary and Ellen, Elias Jones and family, Rev. and Mrs. Weaver and son, Mrs. Nancy Conn, Scottdale; Mr. and Mrs. J. E. R., Mr. and Mrs. Charles Brown and daughter Frances, Mr. and Mrs. A. R. Jones and family, Miss Dorothy Fulton Uniontown, Master Junior Marshall, Connellsville; Evelyn Kincaid, New Haven.

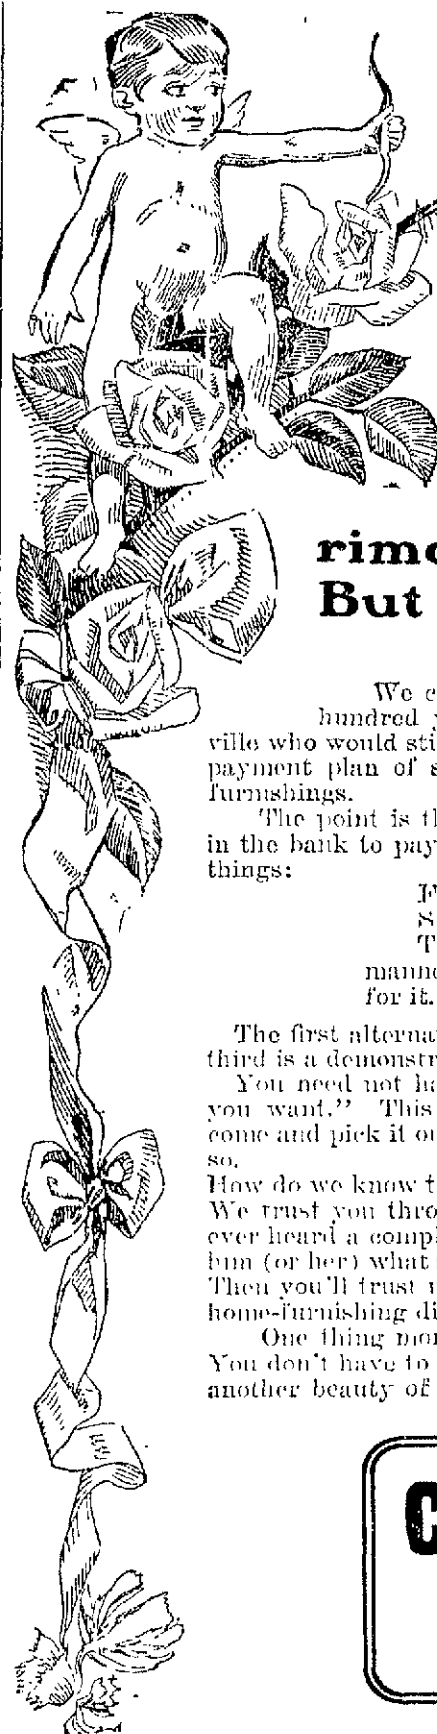

NEGRO SHOTS GIRL.

Harvey Cochran Says He is Glad He is in Jail Instead of at West Apollo.

GREENSBURG, July 24.—[Special.] Harvey Cochran, a negro, in jail here for the alleged murder of Kate Pettigrew, a sixteen year old colored girl of West Apollo, says he would rather be behind the bars than in his home community just now. There was quite a demonstration against him before he was brought to Greensburg by Constable Joseph McGuire yesterday. He had been paying attention to the girl it is said, for a number of weeks, and had become jealous of the attention she bestowed on another. This it is charged, led to the shooting.

The girl is a quadroon. Several white mortals in the vicinity are named in connection with the affair, Corporal Wynn will investigate the case today.

Have you tried our want column.

We Don't Conduct a Matrimonial Agency, But Listen to This.

We could (but will not, of course) name fifty to one hundred young married couples in and about Connellsville who would still be unmarried if it had not been for our easy payment plan of selling furniture, carpets, rugs and household furnishings.

The point is this: Dozens of young couples put off marrying because they have not enough money in the bank to pay for a home outfit. Some of them finally become tired of it and do one of the three things:

FIRST Give up the idea of wedding altogether.

SECOND Get married and live in meagrely furnished rooms.

THIRD Buy "the Aaron way," live happily, easily and in a civilized manner, with all the furniture they need and all the time they want to pay for it.

The first alternative is decidedly out of the question. The second is absolutely unnecessary. The third is a demonstration of good, modern common sense.

You need not have a bank account to get what you want at the Aaron store. Notice we say "what you want." This means "as much as you want,"—no matter if it's a whole home outfit. Simply come and pick it out and then we'll get together regarding how much you will pay us each month or so.

How do we know that you'll pay us? Why, we trust you. That's all. No red tape. No bothersome preliminaries. We trust you through and through. Do you trust us? Do you believe we'll deal squarely by you? Have you ever heard a complaint against Aaron's? Do you know any friend or neighbor who has traded with us? Ask him (or her) what sort of people we are and what sort of merchandise we sell and at what prices we sell it. Then you'll trust us as we trust you. Let this sink deep into your conviction. It's a splendid way out of your home-furnishing difficulties.

One thing more: We mark each piece of furniture with its price in plain figures. We use no secret signs. You don't have to ask the salesman "What's the price of this?" Look at the tag. See for yourself. This is another beauty of "the Aaron way."

PHENOMENAL SUMMER IN COKE FOR CONNELLSVILLE REGION.

Some Plants in This District Have Been in Continuous Operation for Practically Three Years.

PROSPECTS OF COMING WINTER

Are Bright and Consumers and Operators Alike Are of Opinion That All the Coke Demanded Can Not Be Produced in This District.

This summer has been a phenomenal one in the Conneltsville coke region. In fact for three years it might be said there has not been a slack month in the coke business. There are plants in the region that have been in continuous operation for the past three years, never having lost a working day. Practically all of the mills, blast furnaces, and glass plants at one time or another, be it for long or short duration, during the summer months shut down for a brief spell of rest for the men or to make necessary repairs. It is of more than passing interest then that the fact is noted that thousands of ovens in this district have been operating day after day for the past three years. In this strenuous state of prosperity can be seen one of the reasons for security of labor that has existed more or less for a year, but which happily at the present time is not so much felt. Miners and coke workers, especially among the foreign class which comprises three-fourths of the coal mining and coke drawing element in the Conneltsville region, having accumulated a little competence, knock off work for a few months and either return to their native country or take little plots in the country districts and begin the building of homes for themselves.

While there has been a little slowness noticeable in the coke business during the past six weeks, both operators and consumers are of the opinion that a stiffening in prices is apparent. Next month a number of furnaces that have been idle for repairs and some new ones will be getting ready for blowing in the first month of fall. Their demand will boost coke production and prices. The Conneltsville region the coming winter will not be able to produce within many thousand tons all the coke demanded by furnace operators. There will be several thousand additional ovens in blast, but always the increase in consuming capacity has been greater than the advance in productive capacity of the ovens.

During the past week there was little change in production or output. In the Conneltsville region close to 275,000 tons of coke were made. In shipments there was quite an increase, upward of 1,000 cars. The Conneltsville region showed no gain in the active oven list, while in the Lower Conneltsville region there was an increase of about 80 ovens. Western shipments continue heavy.

Construction work in every section of the region is being rushed with all possible speed to get ovens in blast as quickly as the ovens are ready to fire. Three or four new small works will be added to the region's lists within the next two or three weeks.

A Pittsburg correspondent says the coke market has been extremely quiet there during the past week. The inquiry on both furnace and foundry grades has been light and the production in the region was somewhat curtailed on account of the scarcity of men due to the hot weather. It is known that some furnace interests have not covered for their last half requirements, but in the absence of any transactions upon which to base last half quotations we quote \$2.50 and \$2.60 at the ovens for last half furnace coke and \$2.40 to \$2.50 for spot furnace coke. On quote \$2.15 for 72 hour foundry coke we quote \$2.15 to \$2.35 and for last half \$2.35 to \$2.45. At Chicago the market continues quiet and prices soft. Spot Conneltsville foundry coke is held at \$3 to \$5.25 ovens, and at \$3.15 to \$3.30 for extended deliveries. Spot furnace is quoted at \$2.35 to \$2.50 and for the last half from \$2.50 to \$2.60.

LETTERS OF ADMINISTRATION

In Estate of John S. Junk and G. W. Buttermore.

Mrs. June J. Junk of Uniontown has taken out letters of administration on the estate of her husband, John S. Junk, who died July 11, 1907, leaving quite a valuable estate. The personal property amounts to about \$20,000, and bond in twice this amount was given with John Work and George D. Howell as sureties.

George W. Buttermore of Conneltsville has taken out letters of administration on the estate of C. W. Buttermore, who died in a hospital at St. Louis on November 6, 1906. Approved bond was given in this instance in the amount of \$400.

NEW CONGREGATIONS.

Special Session of the Redstone Presbytery to Take in Cumberland Presbyterians.

The Redstone Presbytery held a special meeting yesterday in the First Presbyterian church, Uniontown. Rev. H. O. McDonald of Monacaen served as moderator and Rev. T. S. Norley of Little Redstone as clerk. The 14 Cumberland Presbyterian congregations within the bounds were enrolled according to the terms of the recent union, together with their pastors.

An address of welcome was delivered by Rev. John N. Barnett, D. D., senior member of the Redstone Presbytery. Rev. C. R. Harmon of Brownsville, clerk of the late Cumberland Presbytery, responded in a graceful and appreciative terms.

A call from the First Church of Brownsville was received for Rev. E. N. Bowman now of Hollidaysburg. The meeting was well attended and was very interesting. The regular meeting will be held September 24 in West Newton.

ORPHANS' COURT.

Routine Matters Disposed of Before Judge Work Monday.

A session of Orphans' Court was held Monday morning before Judge J. C. Work, at which time David R. Anderson, guardian of Samuel Saylor of Wharton township, presented his resignation. It was accepted and some one else will be appointed to take charge of the fund in the guardian's hands. This amounts to \$2,733. The guardian's final report has been approved.

The bond of W. B. Coughenour, guardian of Linnie Baisley, Conneltsville, for \$500, was approved with Charles Wilson and J. M. Herpich as sureties.

Approved Charter Applications. The court has approved the petitions for charters for the First Presbyterian church of Fayette City and the First Presbyterian church of New Salem.

BIG DROP IN PIANO PRICES; THOUSANDS OF DOLLARS SAVED TO PIANO BUYERS.

Chickering, Hardman, Strick & Zeidler, Kimball, W. F. Frederick, Price & Teeple, and Others.

ABSOLUTELY THE BEST IN THE WORLD.

W. F. Frederick Music Co's. Introductory Sale, Reinhard's Music Store, Next Door to Post Office—Open Evenings—Easy Terms.

To those who determined at the beginning of this sale and those who have put off from time to time a visit to our new Conneltsville ware rooms, is this article addressed.

You have not another moment to lose. The number of instruments to be sold at these sacrifice prices is limited.

The sale is only to run a very few days now—and doubtless the piano of your choice will be gone before the last day.

We are making piano buying easy in this sale, and safe as it is easy. Every piano is a leader in its class and there is not a poor one in the lot.

No matter what your favorite piano may be, we believe that if you act promptly, you will find here just what you want in make, price and terms.

You may want a CHICKERING.

You may want a HARDMAN.

You may want a STRICK & ZEIDLER.

Or a PRICE & TEEPLE, LAKE-SIDE, BRINKERHOFF, SHEKWOOD, or some other celebrated make. Here they are in plain and fancy cases and all the fancy woods, marked a price lower than ever before.

\$300 Upright Pianos at \$157.

\$350 Upright Pianos at \$217.

\$400 upright pianos for \$254.

\$450 upright pianos for \$287.

\$500 upright pianos for \$325.

Terms—CASH OR EASY PAYMENTS.

This is the time for prudent money-saving people to supply their home and family with a strictly first-class piano, while they can make such a saving, and yet be perfectly safe in this investment.

W. F. Frederick Music Co. guarantees every piano sold at this sale and the stock consists of the highest class of instruments that money and skill can produce.

Do not make the mistake of thinking that because the prices are low that they are not up to the standard. They are all of the same class that W. F. Frederick has sold in this territory for upwards of twenty years. Very true, many of them contain the late improvements and some have interior player mechanism, but there is not a so-called cheap piano in the lot. Every one to pay the usual price you would only get the same quality of instrument, therefore, the big discount is clearly that much saved.

If you would not have us for a piano in the next two or three years.

We cordially invite every one to come and see this magnificent stock, whether intending to buy or not, and we remain open evenings until 9 o'clock. E. E. Schellhase, Manager.

TALES OF SURVIVORS

Heartrending Accounts Given of Disaster to Steamship Columbia.

HOW ONE WOMAN MADE ESCAPE

Mrs. Liddell of San Francisco Gives Harrowing Description of Great Sea Tragedy in Which She Was Actor—Captain Died Bravely.

San Francisco, July 24.—Sixteen more names have been added to the list of survivors of the Columbia-San Pedro collision. These 16 passengers were in a boat which landed at Shelter Cove. The boat also contained two dead bodies, that of Mrs. O. A. Lewis of Pasadena, Cal., and an unknown man, presumably a sailor. The list of survivors now includes 188 names out of a reported total of 257 persons on board. Three dead bodies have been recovered. Ninety-six persons are unaccounted for.

Mrs. O. Liddell of this city, describing her experience, said: "When the crash occurred I got out of my stateroom. Everyone was excited—everyone except the captain. He stood on the bridge, his arms extended, begging the passengers to be cool. The crew stood at the boats' railing away at the lines that held them. All who could piled into the boats. Lots of persons jumped over the side, trying to climb on the bits of wood which were floating in the water. I did not have time to think. I ran to the side. There under the side was a raft. There was nobody on it. I jumped and struck on the raft. Other women got on it also. Some crawled from the water, others jumped from the boat.

Had to let Woman Down. "Then the Columbia went down, bow first. The raft drifted around and water washed over us. Two women and a little child were washed off and I never saw them again. One woman was left. Her hold was weak. She begged me to help her. I tried to help her on, but I was too weak. She died before my eyes. I'll never forget that. She drowned and I could not help her. Who she was I don't know. Finally, it must have been hours afterward, we climbed on the San Pedro.

"On the San Pedro we were sitting on two little narrow pieces of lumber. Suddenly a wave carried away the lumber we were sitting on. We managed to stay on the ship, but there were some who got that far who got no farther, for without any warning a mast of the San Pedro gave way and swept several into the sea. One or two were brought back alive, but of the others we saw nothing.

"The day broke. The fog still hung low and the light only appeared gradually, but then we could see who was saved and who was not. That sight, I can't tell you about it. Everything about it was so desolate and dismal. And then the Elmer came up. They got us aboard, cared for us and at Eureka I secured the only remaining berth on the Panama to come back here."

Walters Save Many Lives. The cool head of Second Steward A. Marks of the Columbia saved many lives when the Columbia sank. As soon as the ship struck the steward ran to the "duty hole" where his men slept and ordered them to their posts. The men were well drilled and wasted no time in wakening the passengers. They ran through the cabins assigned to them, dragging the people out of their beds and adjusting life preservers for them. This accounts for the fact that all those who were on deck had life preservers on them. When the waiters were about half through with their work on the starboard side the vessel gave a heavy lurch and all those who still remained in their staterooms on that side of the boat were doomed. The vessel's cabin were jammed so that they were unable to break their way free before the vessel up-ended and dived to the bottom. The starboard deck was filled with half-dressed persons when the fatal lurch came. Those who were already on the deck were able to climb to the port side and cling there until the last plunge was made. The vessel went down without a noticeable suction, but the passengers found that they were unable to remain on the surface of the water although buoyed up by the life preservers. Many assert that they sank as deep as 20 feet before they began to rise.

PEOPLE LOSE AGAIN

Federal Judge Prevents Three-Cent Fares in City of Detroit.

Detroit, July 24.—On an application by the Guaranty Title and Trust Company of New York Federal Judge Swan issued a restraining order to prevent councils enacting the street railway law known as the Italy ordinance.

The ordinance calls for the sale of five tickets for 10 cents and is aimed to secure three cent fares. The Guaranty Title and Trust Company, owning \$25,000,000 of Detroit United railway bonds, charged that the adoption of the Italy ordinance would effect an unreasonable depreciation of the bonds.

GAS CASE IN COURT.

Dispute Over Product of Nicholson Township Wells Argued Tuesday Before Judge Umbel.

UNIONTOWN, July 24.—The case of the Greensboro Gas Company versus the Home Oil & Gas Company was argued Tuesday before Judge R. E. Umbel. The Home Company brought in two producing wells in Nicholson township on the Black and Huhn farms in the fall of 1926. The Greensboro Gas Company tried to purchase the product of the two wells. The meetings of the Home company were attended by representatives of the Greensboro company in October, 1926, at which the latter company alleged they purchased the Home company's gas. The Greensboro company laid pipes to the wells of the Home company and took their gas. A little later the Home company turned off the gas, discontinued the pipes and placed a guard over their property, notifying the Greensboro company that they were trespassers, having never contracted with them to purchase their gas.

It seems from the testimony that the Home Gas Company's meetings at which the Greensboro Company's representatives were present were not attended by a legal quorum of the directors. The contract or form of contractors in existence was signed by the Home Company's President and Secretary without the consent of the directors at the time. Attorney Robinson for the Home company argued that the Home company permitted the Greensboro company to lay their pipes, expend their money and take the gas in question without objection, thereby ratifying the unauthorized act of their agent. On the other hand, Attorney T. P. Jones for the Home company argued that the directors of the Home company never had knowledge of the material facts in the case until the check came in for the first payment of gas produced and that they repudiated the unauthorized act of their agent upon the very first intimation of the facts. Judge Umbel took the papers.

FIVE YEARS

Is the Time an Army Officer Sets for War With Japan and We Will Win Out in End.

UNITED PRESS Telegram. TIPTON, Pa., July 24.—The consolidated report filed this morning shows that there are but nine cases in the hospital, most of which are minor prostrations from heat.

"Before five years are gone this country will be at war with Japan. For the first six months we shall be unmercifully beaten and our casualties will be 40 per cent. After that, the upper hand until peace shall be desired, and this country will dictate the terms."

So stated one of the regular army officers today after a long discussion of the matter with other officers in camp. They were being photographed in front of General Wiley's headquarters, and it was while grouped that the talk turned to Japanese questions. All agreed to the summing up of the matter made by the army officer and that it was with this ultimate end in view that so many United States army officers have been detailed to attend the various encampments to give assistance with their experienced suggestions. They will report to the secret information bureau at Washington.

Likely the next brigade camp will be at Columbus, near Warren, Pa., where splendid advantages for a site have already been tendered. Everything is now in readiness for the arrival of the Governor tomorrow morning and for the Governor's review Thursday afternoon. The departure of the troops begins Friday evening. The inspections will be held on Thursday.

Nainsook Underwear for Men 75 Cents.

Athletic Coat Shirts and Knee Length Drawers.

Tomorrow is the final day of the biggest July Clearance Sale Fayette county has ever known. It is the last day that you'll be able to take advantage of the lowered prices that this sale affords.

Athletic Underwear for men is practically a new feature, combining good sense and comfort in underwear for men. The kind involved in this offering is of a fine grade of nainsook; shirt goes on and off like a coat and is sleeveless, the drawers are knee length, worth \$1.00 a garment.

75c

This is a good time to test the merits of this sort of underwear as you can do so at a very small outlay. It has gained a wonderful popularity and is destined to become universally worn. The illustration shows the style of the garments perfectly.

Straw Hats at Half Price is Mighty Good Buying.

There will in all probability be no change in the style of sailors next season. Indications are that styles will be much the same. At any rate you have half of a hot summer still before you and you'll get your money's worth out of a straw hat yet this season. Our styles are absolutely correct and rare buying at half price. Get fitted tomorrow for it is the last day of half price selling.

HALF PRICE

Notice

We desire to remind you that tomorrow—Thursday, July 25th, is the final day of the biggest and most successful July Clearance we've ever conducted. We wish to further state in order to avoid disappointment that no merchandise will be sold at sale prices after tomorrow. We do not continue our sales indefinitely by using that time worn excuse of "public demand." We urgently request that you do your buying tomorrow as it is positively the last sale day.

"Marquise" Shirt Waists Underpriced Last Day Feature of a Wonderful Sale.

We've taken "Marquise" waists at four prices and grouped them under two low priced headings as a particularly desirable value for the final selling day of our big July Sale. Not often do we offer you "Marquise" waists at a reduction, so this value is exceptional in more ways than one.

At 75c \$1.00 and \$1.25 waists with short sleeves, buttoned either front or back and prettily trimmed with lace or embroidery.

At \$1.19 Waists formerly priced at \$1.50 and \$2.00, short or long sleeves, buttoned back or front, handsomely trimmed with either lace or embroidery.

Tomorrow Ends the Sale of "Benjamin Clothes" at \$15.00

All Fayette county has been talking of our wonderful Clothing Sale and why shouldn't it be so? Here is offered Men's Clothing of a known brand, the product of the foremost clothing manufacturer in the United States. The choice of their finest output valued as high as \$30.00 a suit have been sold at \$15.00 and is still being sold at that.

Tomorrow ends this sale. We'll probably have on our tables fifty "Benjamin" suits tomorrow morning. The sale ends tomorrow night.

A Clean-up of 10 and 15 Cent Lawns at 5c
